

Level 3 Certificate for the Code of Practice for In-Service Inspection and Testing of Electrical Equipment

Number of Delegates:	4 – 18
Course Duration:	2 Days
Course Outcome:	City & Guilds Certificate

Who should attend?

This qualification is designed for individuals who want to carry out Portable Appliance Testing (PAT) on electrical equipment. Delegates should be familiar with electrical systems and the hazards associated with electricity.

What will I learn?

Candidates will learn the requirements as set out in the IET Code of Practice for In-service Inspection and Testing of Electrical Equipment.

Benefits

Successful candidates will be able to safely carry out Portable Appliance Testing on electrical equipment.

What do I need to bring with me?

- Photographic ID. (Failure to do so will result in not being able to sit the exam)
- Current IET Code of Practice for In-service Inspection and Testing of Electrical Equipment
- Scientific calculator (not part of a smartphone application)
- Note-taking material (recording devices not allowed)

Next steps

Successful candidates are encouraged to also take our Safe Isolation Workshop to ensure compliance with the Code of Practice.

Assessment body

City & Guilds

A Skills People Group Company
