

CITB-Construction Skills Site Safety Plus Temporary Works Co-ordinator Training Course (TWCTC)

Number of Delegates:	6 - 20
Course Duration:	2 Days
Course Outcome:	Certificate

A Skills People Group Company

Introduction

This course is designed to assist those on site who have responsibility for managing all forms of temporary works. It is also designed to give confidence to senior management and those who engage with contractors, to reach an assessed standard of knowledge.

Aims & Objectives

The aim of this course is to provide delegates with and understanding of the importance of communication, co-ordination, co-operation and competency, risk management and safety in relation to the duties of a Temporary Works Co-ordinator.

Course Delivery

This course is delivered through a mixture of classroom-based tutorials, using the BS5975:2008 and A1:2011 course publications.

Location

This course is delivered at a number of training centres across the UK. Please contact us for information.

Certification

CITB accredited certificate.

Delegate Eligibility/Entry Requirements

It is important that all delegates have a good understanding of spoken and written English.

Additional Information

Delegates must attend the two days in order and, where not on consecutive days, must complete the course within two weeks.

This course is not a temporary works awareness course. It is only concerned with the process of co-ordination of temporary works, and therefore attendance does not confer competency as a Temporary Works Co-ordinator.

COURSE PROGRAMME

The CITB-Construction Skills Site Safety Plus Temporary Works Co-ordinator Training Course (TWCTC) course covers the following:

- Statutory aspects to Temporary Works
- Avoiding failure
- Role of the TWC
- Management
- Key aspects of different Temporary Works
- The importance of communication, co-ordination, co-operation and competency (the '4Cs')
- Safety and business related risk management
