

### CITB – Construction Skills Site Safety Plus Site Supervisor Training Scheme Refresher (SSSTS-R)

Number of Delegates:	3 - 16
Course Duration:	1 Day
Course Outcome:	Certificate valid for 5 years

A Skills People Group Company

#### Introduction

This one-day course is intended for delegates who have previously passed the Site Supervisor Safety Training Scheme (SSSTS).

#### Overview

This refresher brings your health and safety knowledge up to date, as well as giving you a thorough overview of the legislative changes and their impact in the workplace. It builds on the material in the original course.

It is endorsed by Build UK as the standard training for all supervisors working on Build UK sites and provides an understanding of health, safety, welfare and environmental issues. It highlights legal responsibilities and the need to promote health and safety to supervise effectively.

It is endorsed by Build UK as the standard training for all supervisors working on Build UK sites and provides an understanding of health, safety, welfare and environmental issues. It highlights legal responsibilities and the need to promote health and safety to supervise effectively.

At the end of the course you will be able to:

- Implement all updated health, safety, welfare and environmental legislation affecting your supervisory role
- Implement new guidance and industry best practice affected by changes
- Fulfil your responsibilities regarding health, safety, welfare and the environment

#### COURSE PROGRAMME

*During your course you will be covering the following:*

- How health and safety law is structured
- How the supervisory role fits in with the manager's role in controlling the site safely
- Understanding the need for method statements
- Construction Site Health, Safety and Welfare
- Communication routes within site activity
- Behavioural safety
- Supervision of occupational health
