

IPAF MEWPs for Managers

Number of Delegates:	1 – 20
Course Duration:	1 Day
Course Outcome:	Certificate

Introduction

This course is designed for managers or supervisors that use or are responsible for overseeing the use of mobile elevated work platforms (MEWPs), including powered scissor lifts, aerial work platforms, self-propelled boom lifts and trailer mount booms.

Aims & Objectives

This course aims to provide delegates with a thorough understanding of working with MEWPs. This includes developing awareness of relevant legislation, understanding correct procedures for planning, maintenance and safe operation of MEWPs and the importance of risk assessment.

Course Delivery

This course is delivered through a combination of theoretical and practical teaching methods.

Location

This course can be delivered on your premises or at a location suitable to you.

Certification

Upon successful completion of the course, delegates will be awarded an IPAF Certificate of Competency. This is valid for 5 years.

Delegate Eligibility/Entry Requirements

It is important that all delegates have a good understanding of spoken and written English.

A Skills People Group Company
