

New Roads & Street Works for Operatives

Number of Delegates:	1 – 6
Course Duration:	5 days
Course Outcome:	SWQR Card

Introduction

This course is designed for any operatives who carry out excavation, backfill and reinstatement of a multitude of materials for undertaking street works.

Aims & Objectives

The aim of this course is to provide delegates with the skills and knowledge necessary to perform operative duties in line with the current New Roads and Street Works Act (NRSWA) in order to create a safe working environment for themselves and others.

Course Delivery

This course is delivered through a combination of classroom based tutorials and practical activities.

Location

This course is available at a number of training centres throughout the UK. Please contact us for details.

Certification

Successful delegates will be awarded a Street Works Qualification Register (SWQR) Card. Delegates should provide a passport photograph on the day of training in order to receive the SWQR Card.

Delegate Eligibility/Entry Requirements

It is important that all delegates have a good understanding of spoken and written English.

COURSE PROGRAMME

The New Road & Street Works for Operatives course covers the following:

- Location of underground apparatus
- Excavation of the highway
- Signing, lighting and guarding
- Reinstatement of concrete slabs
- Reinstatement of compaction and backfill material
- Reinstatement of modular surfaces and concrete footways
- Reinstatement of sub-base and road base non-bituminous materials
