If a Plant Operator has sufficient experience they can achieve the NVQ required for a Blue CPCS card by undertaking an Experienced Worker NVQ.

This route allows your Operator to achieve their NVQ quickly and on-site, using the plant they are familiar with.

This is a fast and affordable way of qualifying Operators for a Blue CPCS card and can be achieved by following these three steps:

- 1. Employer provides the Operator's details and confirms their levels of occupational experience.**
- 2. Assessor visits site and gathers witness testimonies from the Operator's Supervisor or Manager.**
- 3. On-site assessment is conducted by Assessor to gather evidence and complete the NVQ.**
