

CITB-Construction Skills Site Safety Plus Site Environmental Awareness Training Scheme (SEATS)

Number of Delegates:	6 – 20
Course Duration:	1 Day
Course Outcome:	Certificate

Introduction

This course is designed for operatives, supervisors and managers who require an understanding of environmental issues on construction sites. It covers the basic environmental knowledge that the sub-contract chain are required to prove to major contractors.

Aims & Objectives

The aim of this course is to provide delegates with the knowledge and skills regarding environmental issues, environmental management systems and the environmental aspects of the new HS&E touch screen test.

Course Delivery

This course is delivered through classroom-based training.

Location

This course is available at a number of training venues across the UK.

Certification

CITB Site Safety Plus certificate.

Delegate Eligibility/Entry Requirements

It is important that all delegates have a good understanding of spoken and written English.

Additional Information

This course is supported by GE 700E/13 Construction Site Safety Section E- Environment and also the XA6.

A Skills People Group Company
