Number of Delegates:	4 - 20
Course Duration:	2 Days
Course Outcome:	Certificate

A Skills People Group Company

Introduction

The two-day refresher course is for delegates who have previously passed the full five-day SMSTS course. It aims to bring health and safety knowledge up to date, as well as giving a thorough overview of the legislative changes and their impact in the workplace. The course includes a wide range of topics, many building on the five-day course programme as well as introducing new subjects.

Aims & Objectives

The two day refresher course aims to;

- Improve awareness of recent developments in construction legislation and health, safety, welfare and environmental issues.
- Identify measures that will assist the practical implementation of responsibilities established by new legislation and new working practices.

At the end of the course delegates will be:

- Aware of and able to implement all up dated health, safety, welfare and environmental legislation which affects them in their role as a manager.
- Aware of and able to implement new guidance and industry best practice.
- More aware of their duties and responsibilities with regard to health, safety, welfare and the environment.

Course Delivery

This course is delivered as a short intensive course, preferably over two consecutive days although it can be evidence on two non-consecutive days if required by the client. Training involves classroom-based tutorials and practical exercises.

All candidates are provided with the following CITB course publication:

- GE700: Construction Site SAFETY Manual

On completion of the course and successfully passing the core exercises and an end of course multiple-choice examination the delegates will be awarded the CITB's Construction Site Managers Safety Certificate.

Location

Courses are available at training centres nationwide. This course can also be delivered on your premises subject to minimum delegate numbers and suitability of the venue. Please contact us for information.
