

NEBOSH General Certificate

Number of Delegates:	10 - 20
Course Duration:	11 Days
Course Outcome:	Certificate

Introduction

The NEBOSH General Certificate is the must-have qualification for safety and health practitioners. Its practical approach promotes the application of the knowledge acquired in the course to problem-solving within the workplace.

The courses are conducted quarterly and can be taken in many languages, tailored to suit your personal industry requirements. The qualification is specifically referred to as a key competence in the Construction (Design and Management) Regulations 2015.

Who should attend?

Managers, supervisors and staff from all types of organisations who need a broad understanding of health and safety.

Assessment

Classroom-based tutorials plus personal study hours.

Certification

NEBOSH Accredited Certificate.

Location

Courses are available at training centres nationwide. This course can also be delivered on your premises subject to minimum delegate numbers and suitability of the venue. Please contact us for information.

Delegate Eligibility

It is important that all delegates have a good understanding of spoken and written English.

Further Development

NEBOSH Construction Certificate.
