QUALIFICATIONS & TRAINING
A Skills People Group Company

Introduction
This programme is designed for managers and supervisors who may have the responsibility for overseeing the work of operatives, where a guarantee of proper planning and organisation is required. It will also equip the delegate with ensuring that those carrying out the work are competent and properly trained, and that mobile access towers are correctly inspected and maintained.

Aims & Objectives
This course aims to provide delegates with a thorough understanding of current legislation, regulations and guidance in regards to work at height using mobile access towers.

Course Delivery
This course is delivered through classroom-based tutorials, with an open book assessment (80% pass rate) at the end.

Location
This course can be delivered on your premises or at a location suitable to you.

Certification
A photographic identification card and certificate, valid for 5 years.

Delegate Eligibility/Entry Requirements
It is important that all delegates have a good understanding of spoken and written English. A good level of physical health and fitness are beneficial to carry out the work efficiently.

Additional Information
A good working knowledge of the Work at Height Regulations and Health & Safety at Work Act 1974 would be desirable.

COURSE PROGRAMME

The Management of Mobile Access Towers course covers the following:

- Code of Practice

- Current legislation, regulations and guidance affecting work at height and mobile access towers

- Instructions for assembling, altering and dismantling mobile access towers

- Current best practice for fall protection

- Inspection of completed mobile access towers

- Completion of Tower Inspection Records

- Hazards affecting the use of mobile access towers
